Dear Dr. Arambula,

My name is (your first and last name) and I am writing in support of **AB1488**.

AB1488 provides a much needed solution to the challenges that people with sickle cell disease face seeking care in California. There has been a lack of funding for routine care and support services for patients with sickle cell disease, particularly adults, in California. This has led to unnecessary deaths and complications that could have been prevented. With the proposed 3-4 new sickle cell treatment centers, reimbursement for providers, and support services, **AB1488** gives people with sickle cell disease and their family members hope that they can live a longer, healthier life.

Thank you for your support of this important legislation.

Sincerely,

Your first and last name
